## THE DODGE CITY TIMES.

DODGE CITY, SATURDAY, MAY 24.

The incendiary conflagrations in Eastern Russia are causing great alarm, and numerous arrests of suspected nihilists are taking place.

The late rains seem to have been quite general throughout this and adjoining States, and have had a most beneficial effect upon the crops.

The proposed Woodruff scientific expedition around the world has failed a second time, and the managers announce a loss of about eighty thousand dollars.

The Ellsworth Reporter predicts that the sheep and cattle trade in that market will be immense this fall. It says the thousands of head of cattle grazing in that vicinity are in good condition.

The Chicago & Alton railroad began running regular trains between St. Louis and Kansas City last week. The new road opens up a fine country to the trade and commerce of the outside world.

Kansas has this year more than a million acres of wheat, and the copious showers of the last few days almost insure an excellent crop. The young commonwealth will retain her supremacy as the banner wheat State of the Union.

The San Antonio, Texas, Herald, of a late date, says the cattle market is improving and the beasts are in fine condition. Plenty of rain has fallen in that portion of country, and the crops are in good condition. The prospect for a large fruit crop is very promising.

The Privy Council of England has issued an order requiring all live hogs shipped from the United States to be slaughtered at the port of landing, on account of the cholera being discovered in a recent shipment. The English authorities are doing all they can to protect their farmers from American competition without openly resorting to a protective tariff.

A terrible grain pest is devastating the cereal crops in the region of Southern Russia. It is described as a small coleopterous insect, and the rapidity with which the insect propagates defeats all attempts at extermination. Ten years ago the insect first appeared in Paurids. In 1876 it invaded Charkow, where in 1877 it ruined the entire crop. This year it is invading other large districts. Quite one-third of the entire wheat crop of Southern Russia is threatened. The United States harvest prospects were never so gratifying as now, although it is hard to catch the American weevil asleep.

### The Wheat Crop.

Our exchanges from the interior give the most flattering reports of the prospect of a great wheat crop at the coming harvest. The weather, during the winter and spring, has been most of the time especially favorable, and the indications now all point to a larger crop than the one harvested last year—which was the greatest wheat crop ever gathered in the State. Kansas will doubtless raise more wheat this year than California, and thus place her name first on the list of wheat growing States.—[Leavenworth Times.

The Quakers of the East have sent two representatives to St. Louis with instructions to act as mediators between the whites and the blacks of the South. They propose to charter a boat, to be commanded by Gen. Conway, an officer of the Federal army during the war and afterward president of the Louisiana State Board of Education. These gentlemen, together with a relief board, will go down the river on this boat, conciliate colored men and their employers, whenever practicable, and afford passage to those negroes whose labor relations seem impossible of satisfactory adjustment.

### KINSELEY GRAPHICS.

—The colored folks in town have a literary society.

—Lumber for several new buildings was hauled on the ground Thursday.

—And now all the boys have promised their girls they won't go to Dodge any more.

—What is the matter with the chickens? A great many are dying from some cause or other.

—The buildings gone up on the burnt district are much better than those burnt down.

—Mr. Troeger's fall wheat is looking fine, and will make a crop if we get a rain soon. He said he sowed it very late.

—The contract to build the county jail was awarded to Mr. John Wilkins, of Olerie, and he commenced work on it Thursday.

—Hedge fences and cottonwood trees in this country are growing right along, just as if they had been treated to a shower every week.

—The cattle and sheep crop is not affected by dry weather. Western farmers should depend more on stock than grain for their support.

—Mr. Wells, the Cheyenne interpreter that was in the city last week, says there is no danger of an Indian raid by those in the Territory, this summer.

—Mr. Harry Van Doren, City Clerk, has brought suit against the city of Kinsey for an accident he met with by a fall on the sidewalk last fall. He claims five hundred dollars damages.

—The Dodge City Times, the mirage of Dodge City, the range and western Kansas, closed volume five last Saturday. Judge Klaine, the editor, has our best wishes for future prosperity.

—Mr. D. E. Goodno, landlord of the Sherman House when it burned down, has rented a building at Dodge City and will open a hotel in a few days. Mr. Goodno understands the hotel business, and we expect to hear of his success at Dodge.

### SCHAEFFER AT BILLIARDS.

A dispatch, dated Chicago, May 15, says: The most remarkable billiard match ever known was played here last night between Jacob Schaeffer and Geo. F. Slowsen. The game was played at McCormick's Hall, for the three ball championship of the world, one thousand points up, and \$500 a side, with the following result: Schaeffer, 5, 609, 305; total, 1,000. Average, 333 1-3. Slowsen, 14, 9, 21; total, 44; average, 14 2-3. Time, six hours and fifteen minutes. Schaeffer's average is unprecedented. The largest previous run made was 464, which his second run exceeded by 226 points.

An exchange says an Illinois man sleeps every night on a spot of ground left bare for the purpose, in his house, and has an attendant shovel clean earth over him to take the place of bed-clothes. He believes that in this way he guards against disease. If he would come to Kansas while the dust flies, he could get covered with nice, clean prairie soil free of charge.—[Topeka Capital.

### NO DECEPTION USED.

It is strange so many people will continue to suffer day after day with Dyspepsia, Liver Complaint, Constipation, Sour Stomach, General Debility when they can procure at our store Shiloh's Vitalizer, free of cost if it does not cure or relieve them. Price 75 cents. Sold by H. J. Fringer, Druggist.

### I WISH EVERYBODY TO KNOW.

Rev. George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen and Christian minister of the M. E. Church, just this moment stopped in our store to say: "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done.

DR. MATCHETT & FRANCE.

Bourbon, Ind., May 15, 1878.

Sold by H. J. Fringer, Druggist.

For lame Back, Side or Chest, use Shiloh's Painful Plaster. Price 25 cents. Sold by H. J. Fringer, Druggist, Dodge City, Ka.
